DETAILED ACTION

Election/Restriction

1. Restriction to one of the following inventions is required under 35 U.S.C. 121:
 - I. Claims 1-20, drawn to the structures/structural elements of a metal web device, classified in class 428.
 - II. Claims 21-22, drawn to the structures/structural elements of a planar speaker, classified in class 381, subclass 152.
 - III. Claim 23, drawn to the structures/structural elements of a video system, classified in class 382.
 - IV. Claims 24-28, drawn to a method to demetallizing a web, classified in class 216, subclass 13.
2. The inventions are distinct, each from the other because of the following reason:

Inventions I-IV are related as process of making and product made. The inventions are distinct if either or both of the following can be shown: (1) that the process as claimed can be used to make other and materially different product or (2) that the product as claimed can be made by another and materially different process (MPEP ' 806.05(f)). In the instant case the process can be performed by a different means.
3. Because the inventions are distinct for the reasons giving above and have acquired a separate status in the art as shown by their different classifications, restriction for examination purposes as indicated is proper.
4. Because the inventions are distinct for the reasons given above and the search required for one invention is not required for others. Restriction for examination purposes as indicated is proper.

Art Unit: 2643

5. Applicants are advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement is traversed (37

CFR 1.143).

6. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a petition under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).

7. A telephone call to Mr. David H. Carroll was made on 02/05/2003 to request a provisional election to meet the above restriction requirement, but did not result in an election being made.
